COX DIRECTCARE II

[Click here for Benefit Summary](#)

Cox DirectCare II is now available for your group clients!

The 2010 release of the innovative Cox DirectCare plans was very well received. Over the past year, we've had many requests for a similar plan - more streamlined to meet the needs of even more of your clients in Southwest Missouri. We're pleased to announce the plan you've been asking for is now available for your group health clients beginning with March 1, 2011 effective dates.

Cox DirectCare II is a streamlined version and features the same high quality comprehensive health coverage as our other PPO plans.

Features of the Cox DirectCare II plan:

- Inclusive \$30 office visit copay standard on all plans
- \$1000 first-dollar accident benefit standard on all plans
- Deductible options ranging from \$1000 - \$10,000
- Multiple coinsurance options available - 100%, 90%, 80%, and 70%
- Competitive premiums! We've removed the preventive dental, preventive vision, wellness program, and EAP benefits to provide the same high quality health care at the most affordable rates.

The current Cox DirectCare is still available for the most comprehensive coverage for your members; the Cox DirectCare II plan simply offers another option to help meet your clients' needs and budget.

For questions, please contact your dedicated Account Manager at (417) 269-4679/(800) 664-1244 or e-mail us at: grouphealth@coxhealthplans.com.
